## Education

**Bachelor of Technology:** Computer Engineering

Expected in 07/2024

**Jecrc University** - Jaipur

- WeeBook, [Front-end and Back-end development] - Capstone Project :  
WeeBook is a Chrome extension that I developed as part of my capstone project. It integrates Python, JSON, JavaScript, CSS, and natural language processing (NLP) to provide users with enhanced web browsing experiences. WeeBook leverages NLP techniques to analyze and summarize web content, making information more accessible and easier to digest. The extension also features a user-friendly interface and customizable settings, allowing users to tailor their browsing experience to their needs.

**Class 12**

04/2020

**Seedling Modern High School** - Jaipur, India

**Class 10**

04/2018

**Seedling Modern High School** - Jaipur
